

View Customers Information (Angular JS)

```
<div ng-app="MyApp" ng-controller="MyController">

    <table id="tblCustomers" class="table" cellpadding="0" cellspacing="0">
        <tr>
            <th>Customer Id</th>
            <th>Name</th>
            <th>Country</th>
            <th></th>
        </tr>
        <tbody ng-repeat="m in Customers">
            <tr>
                <td><span>{{m.CustomerId}}</span></td>
                <td><span>{{m.Name}}</span></td>
                <td><span>{{m.Country}}</span></td>
                <td>
                    <a class="Edit" href="javascript:;" ng-click="Edit(m.CustomerId)">Edit</a>

                    <a href="javascript:;" ng-click="Delete(m.CustomerId)">Delete</a>
                </td>
            </tr>
        </tbody>
    </table>
</div>
